Greenville, North Carolina

"OUR GREENVILLE — YOURS IF YOU COME"

Greenville, North Carolina, established in 1786, named for General Nathaniel Greene, the Hero of the Battle of Guilford Court House, and the County Seat of Pitt County, is a progressive, educational, residential, trading and agricultural marketing center. In 1955 it embraced an area of 5.47 square miles and is expanding steadily in area and in population.

Greenville is located in North Carolina's Coastal Plain Section, approximately mid-way between Raleigh, the State Capital, and the Atlantic Coast, which is one of the State's most productive agricultural areas.

The citizens, early in its history, were interested in education, establishing Greenville Academy in 1814, and Greenville Female Academy in 1830, and with substantial financial assistance from the County and City. the State in 1907 located East Carolina College in Greenville. Today this Institution has a plant value of $9,250,000.00, a 1955 student enrollment of 2,940, and offers courses in teacher training and liberal arts leading to Masters Degrees. The College together with the City's accredited public school system provide the facilities for the educatoinal needs of its youth from kindergarten through a Masters Degree from College.

Greenville's 325 retail stores serving a population of 165,000 within a radius of 25 miles had in 1954 a retail trade volume of $29,323,000. It also ranks 11th among the cities in North Carolina, in wholesale volume with 56 establishments serving a large area in this section.

Greenville is one of the Nation's largest Tobacco Markets, and is one of the two having 5 complete sets of buyers. Its 21 auction warehouses and processing plants embrace an area of over three million square feet of floor space devoted to the handling of flue-cured cigarette tobacco.

While in a predominantly agricultural area, Greenville is expanding industrially, having 27 manufacturing plants with principal products including: carpet yarns, dry cell batteries, bottled beverages, bakery products, dairy products, fertilizer, hosiery, insecticides, livestock feed, leaf tobacco, lumber, millwork and meat products.

Its banking facilities have kept pace with the city's growth and there are now five banks, one of which operates branches in 11 other communities in this section. There are two strong savings and loan associations, and a Production Credit Association serving farmers exclusively.

The State's first Baptist conference was organized in Greenville in 1830. Now there are 36 churches, 19 for whites and 17 for negroes, representing practically all major denominations.

Recreation facilities are comparable to those provided in any community in the area. Greenville's year round municipal recreation program is conducted by a competent trained staff. East Carolina College and the City Schools field excellent teams of baseball, football and basketball.

Hunting in the nearby forests are favorite sports, as well as fresh

water fishing in nearby rivers, the sounds and inlets, and salt water fishing in the Atlantic Ocean.

Greenville's efficient Council-Manager Government, cultural and educational advantages, modern 130 bed Pitt Memorial Hospital, two score Physicians, Specialists and Dentists, well managed Municipal Utilities, moderate tax rates, equitable climate, two railroads, network of paved highways in all directions and other requisites, together with its friendly citizens as expressed by its slogan, "Our Greenville, Yours If You Come", make it a highly regarded city in which to live, rear a family, and work.

PITT COUNTY

Pitt County, of which Greenville is the County Seat, named for William Pitt, the Earl of Chatham, was formed November 25, 1760. Martinborough, established in 1774, located 2½ miles East of Greenville, was its first County Seat. The County's population in 1950 was 63,770.

History relates that the first Masonic Lodge in North Carolina was formed at Crown Point, Pitt County. Iron ore, (although of poor quality), found in Chicod and Pactolus townships, was used for manufacturing purposes during the Revolutionary War. A cotton planter patented in 1867 by Captain Bryant Smith of Falkland, and later improved by J. C. Cox, revolutionized cotton planting.

The governmental affairs of the County, are administered on the business basis by a Board of five Commissioners. The County School system includes all schools except those in the Greenville district and consists of 14 high schools and 26 grammar schools with a total enrollment in 1955 of 13,326 pupils. Modern buildings and equipment staffed by trained teachers give the county school system a very high rank in the State.

The County maintains an efficient Welfare Department and with Greenville participating, a Health Department ranking with the best in the State, located in a new modern building adjacent to the Pitt County Memorial Hospital at Greenville.

In addition to Greenville, the County Seat, there are 10 progressive towns in the County including: Ayden, Bethel, Falkland, Farmville, Fountain, Grifton, Grimesland, Pactolus, Stokes, and Winterville.

Pitt County is a veritable agricultural empire. In 1954 it ranked first in the State in gross cash farm income and 67th in the nation's 200 leading agricultural counties, with a volume of $35,025,000 according to the 1955 edition of Sales Management, "Survey of Buying Power".

Principal crops produced are cigarette tobacco, corn, cotton, livestock, milk, peanuts, potatoes, poultry and eggs. Pitt County is the largest producer of flue cured cigarette tobacco in the nation.

This county also is adapted to industry particularly to those using agricultural and forest products. There are 26 plants in the County including lumber which predominates and others making tobacco curers, pickles, hosiery, and farm implements.

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publications.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

Out of Sight • Out of Mind

★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all businessmen. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on being well represented in its pages.
